DEVELOPMENT PROJECTS

JustFriends.online

A social media site with an emphasis on simple features: posting statuses/pictures, commenting, and creating photo galleries. JustFriends wants to connect friends with just the essentials of social media, to keep loved ones connected instead of distracted by gimmicky features.

Technologies: HTML, CSS, Java, Javascript, Spring Boot
Thymeleaf, Bootstrap, MySQL

Weather App

A weather app that displays a weekly weather forecast in the location of the user's choosing using custom design implementing Openweather API.

Technologies: HTML, CSS, Javascript, Ajax request

Coffee Menu Project

A mock storefront consisting of a dynamic menu of coffee items that could filter and sort by different parameters in Javascript. This project also allows visitors to create and name their own coffee products that are stored locally.

Technologies: HTML, CSS, Javascript
